

TAKE YOUR PRESENTATIONS TO THE NEXT LEVEL WITH AI

WHAT YOU'LL LEARN:

HOW TO USE AI TOOLS
to quickly generate
presentation outlines,
talking points, and slide text

HOW TO INCORPORATE
AI-driven feedback
on your presentation
deliveries

ETHICAL CONSIDERATIONS
for using AI, from
fact-checking to
maintaining authenticity

Speaker Dynamics is ready to help you explore how AI can become your creative ally in crafting impactful slides and engaging narratives.

During this training, we'll walk you through some of today's top AI tools, including ChatGPT, Grammarly, and Public Speaking Pal, all tailored to enhance each stage of your presentation workflow—from ideation to design to delivery.

By the end of this workshop, you'll feel empowered to approach presentations with newfound creativity, efficiency, and clarity. Get ready to integrate AI into your skillset and create presentations that leave a lasting impression.

LEAD TRAINER:

With a dynamic career that spans broadcast news, corporate communications and marketing, **Speaker Dynamics' Communication Coach Maggie Miller** brings a unique blend of storytelling expertise and tech savvy to every training. Having worked at some of the industry's largest tech giants and innovative startups alike, Maggie is well-versed in the latest trends, including the exciting world of generative AI. Maggie's background is all about connection—blending strategic insight with a touch of creativity to engage, inform, and inspire.
